CAREER OBJECTIVE

Computer Science student with internship experience in backend and application development. Seeking an entry-level **Java Developer / Software Engineer** role to apply strong skills in Java, Python, SQL, and REST API development to build scalable software solutions.

EDUCATION

B.Tech – Computer Science and Business Systems

CGPA:7.79

Chennai Institute of Technology

Expected Graduation: **2028**

TECHNICAL SKILLS

- **Languages:** Java, Python
- **Web:** HTML, CSS
- **Database:** SQL
- **Core Concepts:** OOP, REST APIs, Backend Development
- **Tools:** Git, GitHub

INTERNSHIP EXPERIENCE

Software Intern – Aquaconnect

May 2025 – June 2025

- Assisted in backend development and debugging of application modules.
- Worked with structured data handling and application workflows.
- Gained exposure to industry-standard coding practices and teamwork.

Software Intern – Approtech R&D Solutions Pvt. Ltd.

Nov 2025 – Dec 2025

- Contributed to application development using Java and SQL.
- Supported backend logic implementation and database integration.
- Improved problem-solving skills through real-world development tasks.

PROJECTS

Vendor & Supplier Management Platform

- Developed a backend system using REST APIs for vendor, pricing, and purchase order management.
- Implemented modular architecture for scalability and maintainability.

SmartNotes AI

- Built an AI-based notes application for automatic summarization and key-point extraction.
- Reduced manual effort in reviewing long notes.

CERTIFICATIONS

- Introduction to Cybersecurity – CISCO
- Data Science Master Virtual Internship – AICTE (EduSkills)
- AIML Virtual Internship (Google for Developers) – AICTE (EduSkills)
- Getting Started with Data – IBM SkillsBuild
- SQL Basics – SkillRack

SOFT SKILLS

Problem-solving | Quick learner | Team collaboration | Communication
